

EYFS

Let's get EXPLORING!

TIME TO EXPLORE:

Support your child to make a [viewfinder](#). The short video shows you how to create a viewfinder for your child before they go on their hunt!

If you would like to make some binoculars with your child take a look [here!](#)

Take your viewfinder around the house and explore what things you can see through your viewfinder.

1. Write a list of things they can see.
2. Draw/paint a picture of what they find.
3. Use an iPad/phone to capture what they find.

Share your reasons via seesaw/twitter!

Let's get ARTY!

CRAZY FACES

What crazy face will your child be able to make?

Give your children to opportunity for 'loose play' with treasure you've got hiding around the house! Challenge them to make crazy faces. You can access free printable facial features on this [link..](#)

Click on the photo above to access the website linked to 'crazy faces'.

We'd love to see the crazy faces your child makes!

SHARE YOUR FACE!

Remember to share your learning on seesaw and/or Twitter!

Let's get ACTIVE!

Mission impossible laser game: Watch this video to help you set up the [mission impossible laser game](#). It will encourage your child to get up and moving and think carefully as they make their way through the maze.

Can you time your child as they make their way through the maze?

What is the fastest time they can complete the maze in?

How could the maze be made more complex?

Record your child making their way through the maze you create and upload it to their class seesaw/twitter.

Let's get CUTTING!

FINE MOTOR SKILLS

What you'll need:
Some paper
A marker/pen
Scissors
Tape

An invitation to practise cutting

Give your child the opportunity to practise their cutting by setting up this activity!

What to do:

1. Cut long strips of paper
2. Draw different lines on them as shown in the picture
3. Stick them to the edge of the table
4. Give your child some scissors and invite them to hold one end of the paper and cut along the lines!
