

Learning Projects- Easter

Year 1

Let's get to know OUR FAMILY!

FAMILY

This is a special time where you can find out about your family! Can you brainstorm the answers to these questions to get started...?

- How many adults are in your family?
- How many children?
- Who is the eldest family member?
- Who is the tallest? The shortest?

Can you create a family tree? Look at the photographs of the people in your family and discuss where they would go on your family tree. Have you met everyone? Is there anyone you could interview to find out more?

Could you share your Family tree on seesaw?

Seasons: Can you name the four seasons? Watch these two videos ([video 1](#) and [video 2](#)) and note down everything you can see what is different about the seasons.

Look out of your window and decide which season we are in now. How do you know? What evidence is there?

Let's CELEBRATE!

Celebrations across the four seasons!

Think about all of the celebrations we have across the world.

- [Diwali](#)
- [Bonfire Night](#)
- [Harvest festival](#)
- [Christmas](#)
- [New Year](#)
- [Easter](#)
- Your birthday
- Are there any other celebrations you can think of?

Remember to share your learning on seesaw and/or Twitter!

Can you design a personal [coat of arms](#) shield for your family? First find out what coat of arms means and then think about what your design might look like! Think about colours and shapes!

Here are some [templates](#) you could use...

Family data detective....

Can you look at the people in your House and think about.

- What colour eyes they have
- Colour hair
- Favourite colour
- Favourite food

Place the information into a tally chart. Could you construct a basic [bar chart](#) to represent your findings? Share this on seesaw/twitter!

CELEBRATION!

Can you gather the people who live in the home with you and share this [video](#) with them.

Can you learn the song and add actions?

Could you have a concert and perform it to your family?

You could record your performance and share it on seesaw to your friends!

Can you place these special events in the correct months?

Create a creative card for each one of the celebrations above? Click on each celebration to give you an idea about what to include!

Let's get ARTY!

Fruit & vegetable printing: Explore the work of the artist [Lynn Flavell](#). How does she represent fruit and vegetables? Can you create your own artwork based on the work of Lynn Flavell?

Here's another artist to explore...

GIUSEPPE ARCIMBOLDO

Using a variety of materials can you create your own artwork like Giuseppe? Could you use some of the printing skills you have just tried within your final piece?

Grow a rainbow: Ever wanted to grow your own rainbow? Well now you can!

Take a look at this short [tutorial](#) showing you how you can grow your own rainbow at home. Here's another [video!](#)

You will need:

1. Kitchen roll/paper tower
2. Felt Tip Pens
3. Two small bowls of water
4. Paper clip
5. Thread

What steps did you take to complete your rainbow?

Create a step by step guide on how other people can grow their own rainbow at home! Share your instructions on seesaw/twitter!

Remember to share your learning on seesaw and/or Twitter!
