

# Learning Projects- Easter

## Year 2

### Let's get to know OUR FAMILY!

**Family:** This is a special time where you can find out about your family! Can you brainstorm the answers to these questions to get started...?

- How many adults are in your family?
- How many children?
- Who is the eldest family member?
- Who is the tallest? The shortest?

Can you create a family tree? Look at the photographs of the people in your family and discuss where they would go on your family tree. Have you met everyone? Is there anyone you could interview to find out more?

Could you share your Family tree on seesaw?

### Let's EXPLORE where we live!

#### My address

What's your address? Can you find the number on your door? Can you write the number in digits and words?

Can they write a postcard or letter to a teacher at school?

You could tell your teacher about where they live and things about their local area.

#### Our Flags

Below is the Barnsley FC flag. What do you think the flag represents? Can you design your own flag for your local area? What could you add? What would they mean to you?

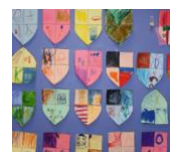

In a special bag - could you (with adult support) place things that make it your home? Why would you pick those items?

Remember to share your learning on seesaw and/or Twitter!

Can you design a personal [coat of arms](#) shield for your family? First find out what coat of arms means and then think about what your design might look like! Think about colours and shapes!

Here are some [templates](#) you could use!

Family data detective...

Can you look at the people in your House and think about.

- What colour eyes they have
- Colour hair
- Favourite colour
- Favourite food

Place the information into a tally chart. Could you construct a basic [bar chart](#) to represent your findings? Share this on seesaw/twitter!

Find your house on 'Google maps'. Search for your house on the street? Can you find all the schools in HCAT?

- Hoyland Common Primary
- Ward Green Primary
- Worsborough Common Primary
- Mapplewell Primary
- Milefield Primary

### Let's get ARTY!

Watch the video below and have a go at pointillist painting! Using cotton buds and paint create a piece of art of your choosing, You could make a rainbow to go in your window?

#### Sat Nav Drawings

Can you use a map of your local area to create a piece of art? Try to use the roads as lines, how can you connect them?

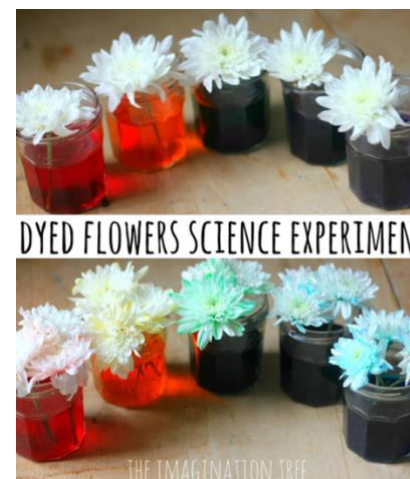

Can you follow the route you've made?

#### Time to dye...

Can you explore the transfer of water through a plant?

Click on the picture and follow the instructions to change the colours of plants!

#### You will need

- Carrot top (2-3 cm from stem with some root growth remaining on top)
- Shallow dish
- 10 Cotton wool
- Water
- Sunny and protected spot

Click the picture to follow the instructions

Remember to share your learning on seesaw and/or Twitter!
