

Year 5

Let's become HISTORIANS!

OFF WITH HER HEAD!

Henry VIII had six wives.

Your job is to research about each one and create a fact-file booklet that explains what happened to each one! Click on both pictures to access the videos!

THE TUDORS!

Compare & contrast: There were huge Changes in England during the reign of Henry VIII.

Can you compare England in 1509 With life after the changes in 1547?

DESIGN A NOBLE WOMAN

When Henry's third wife (Jane Seymour) died, he was sent paintings of noble women from around Europe to look at.

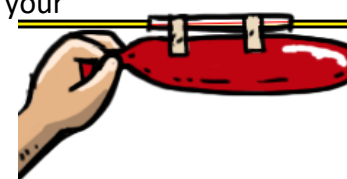

Can you draw a portrait of a potential new bride for Henry?

Let's become SCIENTISTS!

BALLOON ROCKETS

Ready to make your own rocket?

Here's a [video](#) all about balloon rockets and step by step instructions on how to make your own!

What you will need:

1. Balloon
2. String
3. Straw
4. Tape
5. Clothes peg

Can you write the step by step instructions on how to make your balloon rocket? You could make your own video explaining how!

WHAT'S THE SCIENCE BEHIND IT?

Find out what these 'muppets' think about balloon rockets!

Can you jot down what the Science is behind how the balloon rockets work- use this [video](#) to help!

Which balloons are best?

Can you experiment with different shaped balloons and test which rockets go furthest?

Remember to share your learning on seesaw and/or Twitter!

Let's become Geographers!

Google Earth

Click on the picture to launch 'Google Earth'

Your challenge is to explore google earth and find each letter from the alphabet! (See picture) Once you find each letter take a screenshot/picture of each letter before editing them together A-Z.

You can also use Google Maps!

GET THOSE DANCING SHOES ON!

Click on the glitter ball to access the tutorial video!

OVER TO YOU!

Can you create your own dance routine to a song of your choice? Create your own tutorial video showing the steps of your routine!
